REVISED WHOLESALE LIST MARCH 10, 1911

SUPPLEMENTARY to regularly yearly issue dated July 1, 1910, and general terms, conditions apply as specified in said yearly issue.

We have harvested the largest quantity and the FINEST GRADE of ROSES this winter we have ever had. And they are of the KINDS and STYLES YOU NEED. They are SUITABLE FOR THE FRONT YARD OR LAWN—which can't be said of our old stock.

GRADES

AA—This is EXTRA HEAVY, fancy graded stock and parties having use for such should be handsomely pleased with what we ship.

A—This is our regular grade, and we believe good enough for anybody anywhere. All varieties except Teas and Hybrid Teas 24 to 30 inches of wood or more; Teas and Hybrid Teas, 15 to 24 inches of wood, or more.

B—This is not good enough to go in OUR grade A, but is as good lots of roses we have seen sold as best grade. It is "all right" stock—but not grade A.

THIRD AND LAST CALL.

The following comprises the list of ROSES we have unsold at this date as near as we can get at it; the prices apply on not less than ten of a variety. This stock is all EXTRA FINE STUFF—CAREFULLY GRADED—and is in fact THE BEST STOCK WE HAVE EVER SENT OUT. If it fails to PLEASE YOU it will be because you do not know what goes to make good roses. It is also FRESH DUG and in perfect condition.

USE WESTERN UNION NIGHT LETTER rates and wire your orders at OUR EXPENSE providing message does not exceed the cost of a day message of ten words. This applies to orders amounting to twenty dollars and up. Your local Western Union Operator will give you night letter rates.

EXPRESS takes shipments to you practically as quickly as mail matter. We pack light without boxing for this way of shipping. The special rates are reasonable to all sections. New York 7 to 7½ cents per pound; Chicago, six cents; Texas points, mostly five to five and one-half cents; Washington and Oregon, five to six cents, etc.

NOTE also our nice line of YOUNG ROSES still to offer. These young plants will weigh around thirty pounds to the thousand plants, packed light for express—no soil, but roots muddled and mossed.

YOUNG ROSES

Our PROPAGATIONS this summer were OVER SEVEN HUNDRED AND TWENTY THOUSAND plants—so we have SOME FOR YOU.

The only stock of plants offered for sale in the United States propagated from wood taken from growing plants in the field. Keep in mind the fact that this wood is the natural out of door growth—not weak forced stuff—which must sooner or later have a spell of “back to nature” (in other words of resting and standing still).

If you are in the market for this line, you have much to gain and nothing to lose by putting YOUR ORDER IN NOW.

All shipments are made by express at buyer's expense. We guarantee express charges and thus the rate is precisely the same as when charges are prepaid.
